GETTLE HOUSE - After 1913 - 725 Miller Road. Little is know of this two story home up the hill from the Sullivan-Dell house. The land was originally part of the Sullivan tract. Some of the land was bought at auction by Lawrence McFadden in 1919 for \$65 and the house may then have been built by him. Julia Ensor bought the site in 1935 for \$1076 and rented to the Gettle family, the present owners since that time. The house is not on the 1898 Bromley. The house has been modernized with white siding, porch, linoleum, etc. Willed to Maud Chiveral 28:36 - 1931.
